Installation

1/8" Grout Size is recommended on all tile installation. When installing rectangular tiles a less than 33% staggered brick lay is strongly recommended.

Disclaimer : Wet Cutting Instruction: We recommend wet cutting or the score & snap method during the installation process. Do not dry cut product using power tools during the installation process. Improper installation techniques could expose installer to harmful silica dust.

Recomendamos el corte en húmedo o el método de marcar y encajar durante el proceso de instalación. No corte en seco el producto utilizando herramientas eléctricas durante el proceso de instalación. Las técnicas de instalación inadecuadas podrían exponer al instalador a polvo de sílice nocivo.

Variation in shade is an inherent attribute of porcelain tile.

To ensure customer satisfaction: Make sure to look over all tiles before installing. Please select tile from same lot: same size, and numerical shade. Intersperse tiles throughout your job from different boxes. Rotate the tiles so there won't be repetitive patterns.

*No claims accepted after tile installation.

Features At A Glance

- Livingstyle is offered in both two thicknesses for both indoor and outdoor applications as a paver
- Italian ink jet technology resembling the subtle movement of rich limestone
- Offered in large format square, 24x24 and rectangle 18x36 sizes with coordinating bull nose trim
- Copings are also available in 13X24 size

Large format tiles: It is mandatory that the mortar coverage on the floor surface and tile be greater than 95% coverage to be fully supported. Voids due to insufficient coverage will result in cracking and tile displacement.
